Incident Type: Apparent Child Pornography (Unconfirmed)

Total Uploaded Files: 2

The National Center for Missing & Exploited Children (NCMEC) was incorporated in 1984 by child advocates as a private, non-profit 501(c)(3) organization to serve as a national clearinghouse and resource center for families, victims, private organizations, law enforcement, and the public on missing and sexually exploited child issues. To further our mission to help find missing children, reduce child sexual exploitation, and prevent future victimization, NCMEC operates the CyberTipline and Child Victim Identification Program. NCMEC makes information submitted to the CyberTipline and Child Victim Identification Program available to law enforcement and also uses this information to help identify trends and create child safety and prevention messages. As a clearinghouse, NCMEC also works with Electronic Service Providers, law enforcement and the public in a combined effort to reduce online child sexual abuse images. NCMEC performs its programs of work pursuant to its own private mission and independent business operations. NCMEC does not act in the capacity of or under the direction or control of the government or law enforcement agencies. NCMEC does not investigate and cannot verify the accuracy of the information submitted by reporting parties.

4 In fact, the only basis for a downward variance that  
5 Mr. Regan identifies in his motion is the psychological  
6 evaluation with Dr. Jason Dunham. This estimates -- this  
7 evaluation estimates Mr. Regan's "Level of risk for sexual  
8 re-offense is within the high range." The Court does not  
9 believe that a psychologist's conclusion that Regan poses a  
10 high risk for committing more sex crimes against children is a  
11 valid ground for reducing his sentence.

12 The only way for the Court to support a downward  
13 variance in this case is through an extraordinary  
14 justification. The Court finds no such justification exists  
15 in this case to support any downward variance, let alone three  
16 quarters of a reduction in his sentence. Christopher Regan's  
17 conduct was unspeakable, his victims were numerous, his case  
18 involves virtually no mitigating factors and his own  
19 psychological evaluation confirms that he poses a high risk  
20 for sexual re-offending. Therefore, the Court hereby denies  
21 Christopher Regan's motion for downward departure or variance.

22 With the Court's ruling on the motion for downward  
23 departure and variance, as well as those that I've just stated  
24 previously with regard to the defendant's objections, I will  
25 adopt the final findings of fact and statements of fact made
